BAPTISTS CHEER NAME OF HUGHES WHEN MENTIONED

Denominational Politics Crops Out in Northern Convention at Minneapolis; Gang Rule Charged by One Group.

Minneapolis, Minn., May 20.—Politics made an appearance at the Northern Baptist convention today when several groups of delegates began activities in behalf of candidates for various offices in anticipation of the report of the committee on nominations next Monday.

Informal protest against the election system, which they asserted gave control over all officers of Baptist societies to thirty men, was entered by one group of delegates.

The nominations committee is understood to have agreed upon Dr. C. A. Barbour, of Rochester Theological seminary, for president, and the renominations of Dr. A. J. Rowland, treasurer of the American Baptist Publication society, and of Dr. H. L. Morehouse, for corresponding secretary of the American Baptist Home Mission society.

The convention cheered the name of Justice Charles E. Hughes when reference was made to him as a possible member of the committee which will settle controversies between the different Baptist societies.

PUBLICATIONS COSTLY TO METHODIST CHURCH

Saratoga Springs, N. Y., May 20.—An effort to obtain the adoption of a report favoring the discontinuance of several of the magazines published under the auspices of the Methodist Episcopal church, failed at a meeting of the committee on the state of the church tonight, and the general conference will be requested by the majority of the committee to authorize publication for another four years.

A minority report was submitted urging the consolidation of some of the periodicals on the ground that there has been a total loss during the last four years of \$381,415. The journals are published in many parts of the country, generally under the name of The Advocate. The minority also will ask that hereafter the editor be appointed by the book committee instead of being elected by the conference.

At a meeting of the missionaries from Malaya, the Philippines, India and Burma, held tonight, a proposal was favored, which if adopted by the conference, will radically change the Episcopal system. The missionaries endorsed a plan to elevate all of the missionary bishops to the rank of bishops with full powers. If the general conference gives its approval, the present missionary bishops will automatically become bishops.

William J. Bryan, former secretary of state, it was announced tonight, will attend the session of the conference Monday morning and will speak at the anniversary of the temperance society later in the day.

SWITZER APPOINTED CHAIRMAN OF FINANCE COMMITTEE OF COUNCIL

Dr. R. L. Hust, who recently resigned as chairman of the finance and ordinance committees of the council, yesterday afternoon refused to sign the weekly pay roll of the street department. The pay roll requires the signature of the chairman of the finance committee.

Mayor Henry Westerfeld appointed Alderman W. F. Switzer chairman of the committee following Dr. Hust's refusal to sign. Mr. Switzer signed the pay roll and the street department employees drew their checks.

FOUR JURYMEN ARE SECURED IN THE ORPET CASE

Miss Yonker Is Expected to Testify in Trial, Against Alleged Murderer, Is Statement of Prosecutor.

Waukegan, Ill., May 20.—Four men were sworn into the jury today in the case of Will H. Orpet, the University of Wisconsin student, charged with the murder of his former sweetheart, Marion Lambert.

They were selected from four hundred veniremen examined since the trial began before Judge Donnelly last Monday.

Celeste Yonker, to whom Orpet is engaged to be married, will be called as a witness by the state, it was said.

"She will help to prove that Orpet killed Miss Lambert," said State's Attorney Dady.

"She may be a witness, but she'll do nothing of the sort," said Miss Yonker's mother.

"Celeste to testify against me!" exclaimed Orpet. "That's all wrong."

Judge Donnelly said he was sorry that Miss Yonker had to be called.

"I also wish," said the judge, "that her letters to Orpet, and his to her, could be kept out of the case. I have read them and they do not belong in this case. They are the letters of a pure-hearted woman to the man she loves."

TORNADO KILLS EIGHTEEN PEOPLE IN OKLAHOMA

Denison, Tex., May 20.—At least eighteen persons were killed in a terrific wind and rain storm which passed over the section just north of Denison shortly after 10 o'clock tonight. The town of Kemp, Okla., two miles north of the Red river, is reported wiped out. Most of the deaths are said to have occurred at Kemp. One child was killed a mile north of Denison.

A relief train left Denison at midnight for Kemp. All wires are down north of here.

Kemp is in Bryan county, Oklahoma, less than two miles from the Texas state line. Latest census reports gave it a population of 234.

The tornado is said to have covered a wide territory, but its extent could not be ascertained here late tonight.

The child north of Denison was the son of Dr. J. F. McCulloch.

The relief train from here carried several physicians and nurses. It is not expected the train will be able to communicate with Denison or points south of Kemp for several hours.

PENSION ROLL IS RAPIDLY DECREASING

Washington, May 20.—Pensions will cost the American people \$6,000,000 less this year than last, as reported the annual pension roll, as reported today by the appropriations committee. The total is \$159,065,000, two and one-half millions less than the estimate submitted. Pensions paid under a recent special act creating an army and navy medal roll of honor will come out of the general fund.

The country's annual pension budget has decreased steadily since 1913, when it reached a high mark of \$174,000,000.

Lynch Sentence to Be Held Up.
Washington, May 20.—Ambassador Page at London has been notified by the British foreign office that the sentence of Jeremiah C. Lynch, a naturalized American, arrested for complicity in the Irish revolt, will not be confirmed until it has been submitted to the prime minister. President Wilson had requested that execution of the sentence be delayed until the American government has investigated.

ANOTHER BANDIT INVASION FROM MEXICO FEARED

Two Bands Sighted West of Boquillas, According to Information Received at Marathon.

Marathon, Tex., May 20.—Two bands of Mexican bandits were reported today in the vicinity of Terlingua and Ladillas, fifty miles west of Boquillas, according to reliable information received here tonight. One band comprised about eight hundred men, the other approximately two hundred. These are believed to be the same bands that were reported in the neighborhood of Presidio several days ago.

The news brought here by an American ranchman, who said he had it from Mexicans in his employ. According to their story, the bandits promised not to molest any Mexicans provided they furnished information as to trails and settlements on the American side.

Near Terlingua are large zinc deposits owned by Americans, but the mines have been closed since the recent raids.

The army officials here were apprised of this news, and a message was sent to Sheriff Walton, at Alpine.

Capt. G. A. Wiecezorek, in command of the 127th company of coast artillery here, telegraphed tonight to the military commander at Alpine, advising him of the presence of bandits at Ladillas and Terlingua, and that a raiding invasion of American territory was contemplated. The Sibley-Langhorne punitive expedition its retirement from Mexico is in position to be menaced by the two bands reported at the points mentioned which are sixty miles west of the road Colonel Sibley has chosen for his retirement to the border.

LANGHORNE TO JOIN COLONEL SIBLEY SOON

San Antonio, Tex., May 20.—Major George Langhorne and the two troops of the Eighth cavalry he led 135 miles south of Boquillas in pursuit of the bandits that raided the Texas border, were fifteen miles beyond the little command of Colonel Sibley today. Colonel Sibley reported to General Funston that he had gone into camp forty miles south of the border and would wait there until Major Langhorne came up, when the entire force would return to the American side of the line.

General Funston today asked the war department for more coast artillery for duty where the line from one end of the "band" to the other is 300 miles long.

ERUPTION OF HAWAIIAN VOLCANO IS SUBSIDING

Honolulu, T. H., May 20.—Mauna Loa volcano, which sent a cloud of steam and smoke 20,000 feet into the air last night, was subsiding today, according to wireless advices from the island of Hawaii, 250 miles from here. No damage had been reported. The eruption followed much activity in the lava lakes of Kilauea, the sister volcano, twenty-five miles away, although geologists say the two have no connection, and was almost coincident with a disturbance reported the day before yesterday from Lassen peak in California.

MANY INCOME TAX FRAUDS ATTEMPTED

Washington, May 20.—Attempted frauds and evasions of the income tax law aggregating \$5,350,185, have been frustrated by the treasury department, it was announced tonight, during the first nine months of the fiscal year.

Polar Expedition Safe.
Clinton, Ia., May 20.—That the McMillan or Crocker expedition which left for the North pole three years ago is safe, is indicated in a cablegram received today by Mrs. Jerome Lee Allen, of Mesquoketa, Ia., from her husband, a wireless expert with the party. The message was dated at Thorshaven, Farve islands, and said simply: "Get home June."

FIFTY PER CENT OF MILITIAMEN BELOW STANDARD

Inspection of New Mexico Guard Leads to Belief That Only Two Battalions Will Be Mustered.

Columbus, N. M., May 20.—Physical inspection of the New Mexico national guard which is rapidly nearing completion, has disclosed that approximately 50 per cent of the militiamen examined are unfit for service, it was announced tonight. As a result mustering officers predicted that not more than two battalions of infantry and a battery of field artillery will be mustered into the United States army for patrolling the border.

H. T. Herring, adjutant general, left for San Antonio for a conference with General Funston in an attempt to have the physical examination waived.

Movements of troops in the re-alignment of the border patrol were concealed tonight by the censorship. However, it was admitted that important moves are under way and that General Funston expects to have his command redispensed sometime next week. At military headquarters current rumors that at least two regiments of the expeditionary command are now on their way to Columbus could not be confirmed.

PENSION SYSTEM IS BEING PLANNED FOR GUARDSMEN'S FAMILIES

Special Correspondence to Morning Journal.
Togwell, N. M., May 19.—Roosevelt citizens today started plans for a pension system for the families of Battery A members. At a meeting of the Red Cross society last night plans were discussed, and while the society will not officially undertake the work the members will co-operate in every way with the citizens committee appointed to have charge of raising the money and seeing that the families of national guardsmen along the border are properly taken care of.

Nathan Jaffa, former secretary of state, is chairman of this committee, and he will be assisted in the work by former Governor H. J. Hagerman, W. M. Atkinson, W. A. Johnson and Will Robinson. Mr. Jaffa was one of the principal speakers at the meeting last night and pointed out in the beginning that it was in no sense a charity meeting but rather one of justice. He said it was not only a duty but a privilege for the citizens of Roosevelt to provide for the families of battery members who were on the border doing a patriotic duty.

Tentative plans have already been worked out for raising this money. Some of it will be provided by popular subscription while a number of the days have been planned, and these will be operated mainly by the women. A benefit ball game between the bankers and the lawyers, scheduled for Decoration day, is another stunt.

SEEK WORK FOR MANY DROUGHT SUFFERERS OF FALFURRIAS DISTRICT

The immigration service is trying to find employment for 200 or 300 good Mexican farm hands who are suffering from long drought in the region of Falfurrias, Tex. V. F. Parich, immigration inspector here, has a letter from the distribution office at Galveston asking him to make inquiry among employers of this section in an effort to place some of the farm hands.

The Galveston office has been informed that prompt action in furnishing work for these men may save an appeal for government aid which was furnished that section in 1892 and 1893.

ASSERTING HUSBAND DROVE HER FROM HOME, WIFE ASKS DIVORCE

Divorce proceedings were instituted yesterday by J. R. Moore, attorney, for Mrs. Dolores Garcia Gutierrez, who accuses her husband, Justino Gutierrez, with cruel treatment. Mrs. Gutierrez asserts that her husband drove her from home, locked the door and commanded her to leave. She also asserts that he struck her on two occasions.

Gutierrez is possessed of an estate of approximately \$50,000, the greater part of which is community property, according to Mrs. Gutierrez. She asks the court to divide the community property, to set apart part of her husband's share for the maintenance and education of the children and to allow her a reasonable part of her husband's proportion as alimony.

Ten children, of whom six are dead, were born of the marriage. Mrs. Gutierrez asks for the custody of the children.

Mrs. Emilia Baca de Chavez was granted a divorce from Veneciano Chavez, whom she charged with failure to support her according to his means and station in life. She may resume her maiden name of Emilia Baca. She was represented by Pearce C. Rodey, attorney.
